## SCHOLARSHIPS FOR THE SCIENTIFIC STUDY OF SANSKRIT, 1921.

Two State scholarships for the scientific study of Sanskrit by Indians will be awarded in 1921. The scholarships will be of the annual value of £250 each and will be payable in Europe for a period of two years. The scholarship-holders will be required to pay their University fees. Language scholars at Oxford or Cambridge will be expected to become non-collegiate students and participate in joint college work; only be granted in case admission to the University is not otherwise possible. In the event of a language scholar having to join a college at Oxford or Cambridge his allowance will be increased to £300 a year to cover the additional expenses involved.

2. The scholarship will be open to well qualified students with previous tests for special studies and to persons already employed as Professors of Sanskrit in India.

3. Some elementary knowledge of French and German should, if possible, be acquired by the scholar before leaving India.

In selecting the scholar, regard will be paid to the following considerations:—As the vast range of Sanskrit literature makes it necessary for a scholar to select some special field of Sanskrit learning in which to specialise, the choice of the special branch of study should be made in India and the government preparatory studies completed, before the scholar leaves for Europe. Accordingly if a scholar wishes to specialise in—

(a) Texts or philology, he should have some knowledge of Latin and Greek;

(b) Philosophy, he should have studied one of the systems of Indian philosophy in the original texts and have read some *Prasna* and *Aranyaka*;

(c) Pāṇini-Vedānta literature, his reading should have extended considerably beyond the limits of the course prescribed for the B.A. Examination of an Indian University.

4. Before a candidate leaves India to take up his scholarship, he, parent or guardian will be required to show that he has deposited with the Educational Officer at the Secretary of State for India a sum of £50 to be total expenses.

5. Candidates desirous of applying for the scholarships should submit their applications to the Director of Public Instruction as far as reach him on or before the 1st March 1921.

Applicants should give detailed information on the following points:—

(1) Educational qualifications, general and special; (2) French competence; (3) Age; (4) (Physical) fitness; (5) Native place (town and district) and date or seasonality to which candidate belongs; (6) Whether candidate has the consent of his parent or guardian to proceed to Europe; (7) Address in full; (8) Subject in which candidate wishes to specialise.

6. Certificates of conduct and character and a written undertaking that the applicant if awarded a scholarship will, during its tenure, devote himself exclusively to the study of the subject for which the scholarship will be awarded should accompany the application.

7. Further particulars may be obtained by reference to the notification relating to State scholarships, published in the Port St. George Gazette, Part I-B, dated 24th June 1914.

Madras, 1st February 1921.

R. G. GRIEVE,  
Acting Director of Public Instruction.

*Abstract* The aim of this study was to determine the effect of a 12-week training programme on the heart rate (HR) and blood pressure (BP) of 10 sedentary, middle-aged men. The subjects were divided into two groups: a control group and an exercise group. The control group remained sedentary, while the exercise group performed a supervised, structured, aerobic exercise programme. The HR and BP were measured at baseline and at the end of the 12-week period. The results showed that the exercise group had a significant decrease in both HR and BP compared to the control group. The HR decreased from 72 to 68 beats per minute, and the BP decreased from 120/80 to 110/70 mmHg. These findings suggest that a 12-week training programme can effectively reduce HR and BP in sedentary, middle-aged men.

## DEPARTMENT OF AGRICULTURE, MADRAS.

### THIRD REPORT OF THE SURVEILLANCE CROP OF 1920.

[On an average of the five years ending 1914-15, the area under sugarcane in the Madras Presidency has represented some 4.5 per cent of the total area under agriculture in British India.]

The area planted with sugarcane in 1919 is estimated at 60,300 acres which is 9 per cent above the last year's estimate of 55,500 acres. The actual area in 1918-19 was 51,750 acres. The increase is general and is due to the stimulating effect of the high prices of jaggery. There is a fall in the area which is reported to be due to ryots preferring to plant food crops.

4. Yields are poor in the Coimbatore owing to the failure of the monsoon, the high price of oil seeds and in Mysore, and in the fact that some areas have been reached particularly in order to take advantage of the high prices of jaggery. Elsewhere the yield is close to the normal, or a little above. The total estimate of jaggery is estimated at 25,000 tons, as against 240,000 last year.

5. Figures by districts are given below:-

#### Conditions of Auction Sale.

I. A deposit must be made by each bidder before bidding and will be received by the selling officer on the day of sale. A deposit of Rs. 50 will amply be required, less any money working to his bid by any important shop or any large number of shops. This will be reduced to Rs. 25 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 10 in the case of bidders for single small shops.

II. The shops will be put up to auction in the order in which they are notified, unless the selling officer sees reason to change that order. Fixed prices will be fixed in the discretion of the Collector. The reserve price fixed by Government as to the shops will not be published, but the average of the previous five years' prices will be notified by the Collector, where possible, for the information of bidders.

III. No person will be allowed to bid for another unless he holds a power of attorney from him. IV. The officer conducting the sale may, in his discretion, refuse to accept the bid of any person on the ground (1) that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the confidence of license or of a contract under the system as to render him undesirable as a licensee; or (2) that he is indebted or is adverse to Government; (3) that his bid is purely speculative; (4) that he is a village officer or a relation of a village officer of the village in which the shop is situated or which is adjacent to the shop or of a neighbouring village; (5) that he is a contract surgeon of country agents for the revenue area within which the shop is situated; (6) that he is a known bidder for beer shops; (7) that such a person is accessory to previous arrangements to the detriment of Government interests; or (8) for any other valid reason.

V. The shops will be knocked down to the highest bidder. If the day of the auction mentioned in the preceding clause the highest bid is repeated, the next highest shall be taken as the day, until the selling officer's decision. In case of a tie the selling officer's decision shall be final. The

sals will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid or his directors. Such formal confirmation will be tantamount to an acceptance of the bid, unless revised by the Board of Directors for special reasons, and will be necessary whether the sale be held by the Collector himself or by any other appointed by him.

VI. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. In the morning, however, each person whose bid is accepted shall, at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit of half a month's rent (in addition to the deposit made on other clause II) for each shop unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him under clause I will be forfeited and the shop will be put up again immediately by the selling officer or, the above conditions or otherwise disposed of by the Collector and the deposit will be deducted from bidding again for the same or for any other shop on the sales then in progress.

VII. Any person to whom a shop has been leased here and who has made deposits as provided in clauses I and VI shall also deposit, in cash or approved securities, within ten days from the date of announcement of the Collector's acceptance of the bid, such further sum as with the former deposits will make up two months' rent and shall, without unnecessary delay take out a license as the conditions hereinafter set forth. In the event of the purchaser's death after issue of the license, his heirs and assigns shall be responsible for all amounts that may become due to Government under the terms of the license as well as for the proper observance of all the conditions of the license. Should the rental amount named two months' rental, the excess will be refunded unless the purchaser is requested to deposit twice that sum under clause VIII rules.

VIII. If an inquiry subsequent to sale the purchaser shall be found to be of doubtful solvency, he may be required either to deposit two months' rental in addition to the sum provided in clause VII above, or to get a security or securities to ensure a security bond for the due payment of all amounts that may become due by him under the terms of the contract. The bond shall be stamped (Article 20, Schedule I, Act II of 1888) and registered at the expense of the purchaser if the amount named exceeds Rs. 1,000. In all cases where security are demanded the license shall be held to ensure a counterparty agreement.

IX. On the failure of any person to make a deposit or take out a license under clause VII or to comply with any regulation or to execute any engagement made clause VIII above, the deposits already made may be forfeited and the shop may be resold under the orders of the District Officer on a date to be notified by the Collector or may be otherwise disposed of by the latter officer. Results under this clause will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable in the same manner as if it were an error of last revision. Should, however, the forfeited deposits be greater than the loss by resale the whole of such deposits will be retained to Government. The defaulting bidder will be similarly liable if the shop is resold, or otherwise than by resale and such deposited results in loss to Government as compared with the original sale.

X. The purchaser of any license or option privileges is liable to the penalties provided for breaches of the conditions set forth below, though a formal license may not have been issued to him.

XI. The deposits referred to in clause VII or VIII may be made either in cash or in recognized Government, Fort Street Municipal or Local Board securities or by depositing Postal Savings Bank pass-books. When deposits are made otherwise than in cash, the Collector may demand that they shall be at each higher rate value than the cash deposit required, as in the circumstances of the market he may think necessary. The securities or Savings Bank pass-books deposited must be endorsed in the name of the Collector and Government (voluntarily) notes must be secured for payment of interest at the times and at which they are deposited, if so required. Deposits in cash will be adjusted towards the instalments of rent due in the two months of the period of the lease. Deposits of securities or savings bank pass-books will be returned upon payment of the full amount of the instalment due each unless the depositing shop that if Government should note them over, in which case they will be taken over at the price of the day, and the balance, if any, due to Government must be paid in cash. In case of default under clause IX of the conditions of auction sale or under section 37 of the General Conditions applicable to all Auction and Option licenses, all securities deposited are liable to be sold for any amount due to Government under the terms of the lease, the remainder, if any, the offer with sale, being recovered as arrears.
